### SugherBar helps to customize an environment

You can interpret each room with your own personality, inserting a series of metal stools with a cork seat, to obtain the most effective visual result while optimizing the economic investment, without losing sight of the aesthetic dimension. SugherBar creates a comfortable atmosphere and is an eco-friendly, natural, warm and pleasant to the touch material.

### SugherBar... countertop Stool

SugherBar has been specifically designed to tastefully furnish, using only the bark of the cork plant to make the seat a natural unbeatable material, thus adding a touch of warmth, personality and originality to the environment. The structure is solid and light, made of natural iron with a transparent protecting varnish, which recalls the Champagne cork.
